94. The Returning Officer can ask all attendees at the AGM to prove that they are current members of the Association. This may be done by:
  - 94.1. Asking attendees to provide proof of identification; and/or
  - 94.2. Checking the register of members of the Association.

### Confirmation

95. At the AGM, the Chairperson shall read each nomination in turn, specifying:
  - 95.1. The name of the nominee; and
  - 95.2. The Committee position for which the nominee has nominated.
96. When the Chairperson reads a nominee's nomination at the AGM, that nominee shall stand and identify himself or herself, and then confirm or withdraw the nomination.
97. Subject to a pre-arranged In Absentia nomination agreement with the Returning Officer, if a nominee is not present in person at the AGM, that nominee's nomination shall be deemed to have been withdrawn.
98. A person may confirm a nomination on behalf of a nominee not present in person at the AGM where, in the opinion of the Returning Officer, the nominee has a reasonable excuse for not being present in person.
99. If no nominations are received for a position, the Chairperson may accept nominations from the floor of the AGM.

### Speeches and Questions

100. Following confirmation of the nominations, nominees for contested Executive positions may be allowed a short time to address the members present, and to take questions from the floor.
101. The time limit for speeches and questions is to be set by the Chairperson.
102. Unless the Chairperson decides otherwise, nominees for contested non-Executive Committee positions shall not make speeches or take questions.
103. The Chairperson is empowered to veto any questions from the floor which they deem to be unfair, unjustified, or otherwise inappropriate.
104. If a nominee is unable to attend the AGM, the Secunder to their nomination will speak in their place.

### Ballots

105. A ballot will be held for all positions.
106. Only current members of the Association may vote in the ballot. Associate members cannot vote in the ballot.
107. The Returning Officer will distribute a ballot paper to all members present and voting at the AGM.
108. Only executive positions will have an option to Re-Open Nominations ("RON").
109. Members can take the option to RON as a means of a no-confidence vote in the current nominee/s of the executive positions.
  - 109.1 If the option to RON is successful for a position when the ballot is counted, then new nominations will be taken from the floor for that position at the conclusion of the ballot for a new round of votes.
110. If a nominee for a committee position runs for the position uncontested, this nominee will automatically be appointed.
111. Members will be given the opportunity to complete the ballot paper during the AGM.
112. The Returning Officer will then collect the ballot papers in a secure box.

### Scrutineers

113. At the request of a nominee, the Returning Officer may allow each nominee to nominate a scrutineer to witness the counting of the ballot of the position for which the nominee is a candidate.
114. Any request to appoint a scrutineer must be made to the Returning Officer prior to or at the commencement of the election.
115. A person may only be appointed as a scrutineer if:
  - 115.1. That person is not a nominee for any position up for election at the AGM; and
  - 115.2. That person agrees not to disclose to anybody the number of votes received by any nominee or the winning margin held by the successful nominee.

### Results

116. The Returning Officer will, as soon as possible after the ballot, count the ballot and determine the successful candidate for each position.
117. As soon as possible after determining the results of the ballot, the Returning Officer will give notice to members of the names of the candidates elected and their respective positions. Notice may be verbal or written.
118. In the event of an equal number of votes for any Committee position, a by-election will be held to determine the successful candidate for that position.
119. The procedure for the by-election will be determined by the Returning Officer but must be, as far as practicable, the same as that for an ordinary election.

### Interpretation

120. The Returning Officer may determine any question regarding the interpretation of these Regulations.
121. A determination made by the Returning Officer is final and conclusive.

## IV. Documentation Procedures

122. Where a Special Resolution/Special Business has been raised at an Annual
123. General Meeting or Special General Meeting, the following procedure should be followed during the meeting:
124. The Special Resolution/Special Business should be presented to the quorum in writing, with the support of one Committee member and seconded by another member.
125. The Special Resolution/Special Business should contain:
  - 125.1. The proposal;
  - 125.2. Where applicable, the current Constitutional provision or entire Constitution the proposal seeks to amend; and
  - 125.3. Brief reasons why the proposal should be supported.

### Amending By-Laws

126. These By-Laws can be amended by the Executive following a majority vote approving the amendment.
  - 126.1. Such changes take effect seven (7) days after the approval.

## V. Finance (Generally)

### Introduction

127. The following policy sets out the parameters within which the Association's finances should be handled.

### Purpose

128. The purpose of this policy is to set out clearly the ways in which the Association must manage its finances.
129. Nothing in this policy will affect the Association's duties and obligations under any court, legislation or compliance issue.

### Core Policy

130. The Association seeks to manage its finances in a way that maximises value to its members.
131. The overarching principles of the Association's approach to financial management are:
  - 131.1. Efficiency;
  - 131.2. Transparency; and
  - 131.3. Sustainability.

### Responsibilities

132. The Association's Financial Executive is responsible for developing, adopting and administering this policy.
133. The Treasurer is responsible for implementing this policy and advising the Executive on the need for review. The Financial Executives are:
  - 133.1. Treasurer;
  - 133.2. President;
  - 133.3. Secretary; and
  - 133.4. An optional fourth member of the committee;
    - 133.4.1. This member must be elected by a simple majority vote by the membership at an SGM.
    - 133.4.2. This member must be nominated by a current member of the financial executive and seconded by a member of the committee.

### Financial Year

134. The financial year of the Association is each period of 12 months, ending on August 31 of each calendar year.
135. Surplus to the requirements enclosed above, the Treasurer (or delegate) must present a 'Statement of Financial Position' at the first meeting of the Executive each Membership Year and at the last meeting of the Executive before the AGM. This must show:
  - 135.1. The balance of any accounts, term deposits or savings held by the Association;
  - 135.2. A reconciliation report, completed not more than 48 hours before the meeting; and
  - 135.3. A report showing any money owed by or to the Association.

### Management of funds

136. The Association must open an account with a financial institution from which all expenditure of the Association is made and into which all of Association's revenue is deposited.
137. All funds of the Association must be deposited into the financial account of the Association as soon as reasonably practicable after receipt, but not more than seven (7) business days after receipt. The following expenditure restrictions must be followed—
  - 137.1. The Treasurer alone may approve amounts up to \$100;
  - 137.2. The Treasurer and one other member of the Financial Executive together may approve amounts up to \$1,000;
  - 137.3. The Executive may approve amounts up to \$10,000 by majority vote; and
  - 137.4. The Committee may approve amounts exceeding \$10,000 by absolute three-quarter majority vote.
138. The above restrictions apply to a complete transaction cost; not to any 'split bills' or partpayments but to their total value when all bills are collated.
139. All payments made by cheque or electronic funds transfer require the signature of two authorised persons, as determined by the Treasurer from time to time.

140. The Treasurer may maintain a cash float provided that all money paid from or paid into the float is accurately recorded at the time of the transaction.

### Financial Records

141. The Association must keep financial records that—
- 141.1. Correctly record and explain its transactions, financial position and performance; and
  - 141.2. Enable financial statements to be prepared as required.
142. The Association must retain the financial records for seven (7) years after the transactions covered by the records are completed.
143. The Treasurer must keep in their custody—
- 143.1. Financial records for the current financial year; and
  - 143.2. Any other financial records as authorised by the Executive.

### Financial Statements

144. For each financial year, the Committee must ensure that the requirements relating to the financial statements of the Association are met. Without limiting the above rule, those requirements include:
- 144.1. The preparation of the financial statements;
  - 144.2. If required, the review or auditing of the financial statements;
  - 144.3. The certification of the financial statements by the Financial Executive;
  - 144.4. The submission of the financial statements at the AGM of the Association; and
  - 144.5. The submission of the financial statements to the Law School and the Student Guild, where necessary.

### Refund Policy

145. Subject to the sole discretion of the Treasurer, a refund may be granted up to five (5) business days before an event. If a request for a refund is received within five (5) days of an event and within five (5) business days of an event, a refund may be granted in an extraordinary circumstance, at the discretion of a majority of the Executive. No request for refund will be granted, after five (5) business days after an event. If a refund is requested more than thirty (30) days prior to the event, a full refund will be granted. If a refund is requested less than thirty (30) days and up to five (5) days after the event, a refund of 50% of the ticket price will be granted. A request must be received in writing by the Treasurer.

## VI. Membership

### Membership Fee

146. The Membership Fee of the Association will be set annually by the Executive;
- 146.1. The Executive must consult with the Committee before setting the annual fee as required by section 13 of the Association's Constitution.
147. The amount of the Membership Fee will be proposed by the Treasurer and ratified by a majority at the next meeting of the Executive after the proposal of the fee is communicated to the rest of the Executive either verbally or in writing.
148. Where the proposed fee is not ratified by a majority of the Executive, the Treasurer will make a new proposal to the Executive and the steps in the above clause should be followed.
149. The Executive in their sole discretion may appropriate, invest, allocate or spend the revenue of the membership fee as it sees fit.

## VII. Sponsorship Policy

### Introduction

150. The Executive of the Association is committed to ensuring that its financial arrangements are carried out in an ethical manner.

### Purpose

151. The purpose of this policy is to establish the framework and guidelines for the creation of productive partnerships between the Association and the private sector, i.e. sponsorship alliances with corporations, foundations, individuals and other non-government organisations.

152. A sponsorship is about relationship building and can be a powerful way to build and strengthen partnerships. It is recognised that such alliances can provide important financial and marketing support to potential partners of the Association, while at the same time generate additional revenues to support the Association's mission and mandate.

### Core Policy

153. The fundamental principles that shape the Association's relationships with sponsors are:

- 153.1. Sponsorship of the Association or of any symposium, project, program or event held by the Association, will not entitle any sponsor to influence any decision of the organisation;
- 153.2. The Association will not enter into any alliance or partnership with any corporation or organisation where the association with the prospective partner or acceptance of the sponsorship would jeopardise the financial, legal or moral integrity of the Association or adversely impact upon the Association's standing and reputation in the community. The Executive of the Association has absolute discretion to reject any alliance or partnership with a prospective sponsor that would operate against the goals and aims of the Association;
- 153.3. The Association will accept sponsorships as an additional source of revenue generation provided that all sponsorship alliances are developed and maintained within the regulations embodied in this sponsorship policy; and
- 153.4. All sponsorship alliances or partnerships must be consistent with the Association's existing policies.

### Responsibilities

154. The Association's Financial Executive is responsible for developing, adopting and administering this policy.

155. The Treasurer is responsible for implementing this policy and advising the Executive on the need for review.

156. The Treasurer may delegate responsibilities for this policy to the D. of Sponsorships and Finance at their sole discretion.

157. The Treasurer, in consultation with the President, will identify potential sponsors and the key contacts within those sponsor organisations.

### Processes

158. The Treasurer and D. of Finance, in collaboration with the VP Publications, will create sponsorship materials for the Association to be used to garner partnerships with potential sponsors. The form and purpose of these documents are at the discretion of the Treasurer.

159. These documents should always include:

- 159.1. A description of the activity for which sponsorship is sought;
- 159.2. The benefits offered to the potential sponsor;
- 159.3. The levels of sponsorship offered; and
- 159.4. How the sponsorship will assist the Association to deliver its activities.

## VIII. Reimbursement Policy

### Introduction

160. Members may on occasion be required to pay expenses consequent on their position out of their own pockets. Under certain circumstances, as outlined in this policy, these expenses may be reimbursed by the Association.

### Purpose

161. The purpose of this policy is to spell out under what circumstances reimbursement of expenses may occur on behalf of the Association and the process for doing so. This policy relates to members acting on authorisation of the Financial Executive to carry out the Association's business.

### Policy

162. The Association will reimburse its members' expenses incurred by them on behalf of the Association or in the course of the Association's business so long as such expenses are:

- 162.1. Reasonable; and
- 162.2. Authorised.

163. Reimbursement of reasonable but unauthorised expenses may be made on an ex gratia basis at the discretion of the Financial Executive in exceptional circumstances only.

164. Members incurring authorised expenditure must, wherever possible, receive, retain and produce receipts, invoices, vouchers, tickets, or other evidence of such expenditure.

165. Expenses should only be incurred by the member where petty cash is unavailable or inappropriate for the expense claimed.

### Responsibilities

166. The Association's Financial Executive is responsible for developing, adopting and administering this policy.

167. The Treasurer is responsible for implementing this policy and advising the Executive on the need for review.

### Processes

168. The processes for reimbursement will be developed and implemented by the Treasurer. These should include:

- 168.1. An authorisation process for members to identify reasonable expenses; and
- 168.2. A reimbursement process (for example, by cash only, electronic funds transfer only or a combination of both).

## IX. Petty Cash

### Introduction

169. To deal with minor expenses, administrative units within the Association need a procedure that is flexible yet consistent with the need to protect the Association's funds.

### Purpose

170. This policy seeks to ensure that petty cash floats are established and managed appropriately and that members are not financially disadvantaged as a result of incurring minor business-related expenses on behalf of the Association.

### Core Policy

171. Administrative units may seek the approval of the Financial Executive to establish petty cash floats to deal with minor expenses. Any such floats must observe the nominated procedures.

172. Any float created will remain in the care of the Treasurer or their agent as nominated.

### Responsibilities

173. The Association's Financial Executive is responsible for developing, adopting and administering this policy.
174. The Treasurer is responsible for implementing this policy and advising the Executive on the need for review.

### Processes

175. The processes for petty cash authorisation, distribution and management will be developed and implemented by the Treasurer at their sole discretion.

## X. Conflict Resolution Policy

### Introduction

176. To deal with conflict that may arise from time to time, the Association needs a procedure that is flexible yet fair and seeks to protect the Association's internal and external relationships.

### Purpose

177. This policy seeks to provide a framework within which the Association can manage conflict and seek a mutually agreeable resolution between the respective parties in conflict.

### Core Policy

178. The Association seeks to ensure internal conflict and disputes are managed efficiently and effectively, while maintaining the obligation to seek a mutually agreeable and just outcome in the interests of all parties involved.
  - 178.1. The grievance procedure set out in these rules applies to disputes under these rules between:
    - 178.2. Members;
    - 178.3. Member(s) and non-member(s);
    - 178.4. Member(s) and Committee member(s);
    - 178.5. Non-member(s) and Committee member(s); and
    - 178.6. Committee members.

### Responsibilities

179. The Association's Executive is responsible for developing, adopting and administering this policy.
180. The President is responsible for implementing this policy and advising the Executive on the need for review.

### Processes

#### Internal Mediation Process

181. Where a dispute arises, the parties should attempt to resolve the dispute between themselves in the first instance.
182. Where parties are unable to resolve the dispute amongst themselves and one or both of the parties wish to pursue a mediation, a notification must be sent to the President in writing detailing:
  - 182.1. the facts in dispute; and
  - 182.2. the parties in dispute.
183. The President must convene a meeting between the affected parties or their representatives:
  - 183.1. This meeting may occur in person, via telephone or similar.
  - 183.2. Where reasonably possible, this meeting should occur within three (3) business days of the President having been notified of a dispute.
184. In the first instance, the President shall act as a mediator between the parties. If the President is unable to act as a supervisor of the meeting, whether due to availability or conflict of interest, they shall appoint another Executive member to act as their representative.

185. Parties may, within ten (10) days of an initial meeting, hold a meeting in the presence of an independent mediator in the following manner:
  - 185.1. The mediator must be a person chosen by agreement between the parties;
  - 185.2. A member of the Association may be a mediator;
  - 185.3. A member of the Law School may be a mediator;
  - 185.4. An alternative Faculty Academic Staff member may be a mediator;
  - 185.5. The mediator must preside over the mediation in their personal capacity, not professional capacity; and
  - 185.6. The mediator cannot be paid in any way for their services.
186. A mediator, in conducting the mediation, must:
  - 186.1. Give the parties to the mediation process every opportunity to be heard;
  - 186.2. Allow due consideration by all parties of any written statement submitted by any party; and
  - 186.3. Ensure that natural justice is accorded to the parties to the dispute throughout the mediation process.
187. The mediator must not determine the dispute.
188. The mediation must be confidential and without prejudice.

### External Conflict Resolution

189. Parties in dispute may only seek mediation from an external mediation service where the above process has been followed, and only if:
  - 189.1. All other avenues for internal conflict resolution have been attempted in good faith; and
  - 189.2. A mutually agreeable resolution could not be reached.

## XI. Social Media Policy

### Introduction

190. Social media such as Facebook, Twitter, Google+, YouTube and blogging represent a growing form of communication for not-for-profit organisations, allowing them to engage their members and the wider public more easily than ever before. However, it is also an area in which rules and boundaries are constantly being tested.
191. This policy acts in conjunction with the Association's Media Relations Policy in order to maximise the Association's social media reach while protecting its public reputation.
192. This policy applies to any page, group, account or channel that the Association maintains, monitors or administers at any given time. Any reference to a page, group, account or channel is a reference to them all, jointly and severally.
193. It does not extend to any member's personal page, group, account or channel unless a contrary intention is indicated.

### Purpose

194. The Association may choose to engage in social media such as:
  - 194.1. Facebook;
  - 194.2. Instagram;
  - 194.3. Twitter;
  - 194.4. Google+;
  - 194.5. WordPress/Blogger;
  - 194.6. YouTube/Vimeo;
  - 194.7. iTunes/Podcasting;
  - 194.8. Website, where social media elements may apply; and
  - 194.9. Any other platforms deemed appropriate by the Executive.

195. The Association seeks to encourage information and link-sharing amongst its membership and the wider student population and seeks to utilise the expertise of its Committee in generating appropriate social media content.
196. Social media posts should be in keeping with the image that the Association wishes to present to the public, and posts made through its social media channels should not damage the Association's reputation in any way.
197. Regular review of this policy and its procedures will be the responsibility of the Secretary in consultation with the Executive.

### Core Policy

198. The Association's social media use shall be consistent with the following core values
  - 198.1. Integrity: The Association will not knowingly post incorrect, defamatory or misleading information about its own work, the work of other organisations, or individuals. In addition, it will post in accordance with the Association's Copyright and Privacy policies.
  - 198.2. Professionalism: The Association's social media represents the organisation as a whole and should seek to maintain a professional and uniform tone. Committee members may, from time to time and as appropriate, post on behalf of the Association using its online profiles, but the impression should remain one of a singular organisation rather than a group of individuals.
  - 198.3. Information Sharing: The Association encourages the sharing and reposting of online information that is relevant, appropriate to its aims, and of interest to its members.
199. The Association should seek to grow its social media base and use this to engage with existing and potential members, sponsors and stakeholders. At the same time, a professional balance must be struck which avoids placing the Association's reputation at risk.

### Responsibilities

200. The Association's Executive is responsible for developing, adopting and administering this policy.
201. The Secretary is responsible for implementing this policy and advising the Executive on the need for review.
202. The Secretary shall convene a Social Media Subcommittee to co-ordinate the Association's online assets such as website and social media profiles.
203. The Subcommittee shall consist of:
  - 203.1. Secretary;
  - 203.2. Vice-President of Publications;
  - 203.3. Director of Information Technology; and
  - 203.4. Any other members deemed necessary at the sole discretion of the Secretary.
204. The Social Media Subcommittee will oversee expansion of social media and help to develop the social media presence in line with the Association's Media Relations Policy.
205. Committee members may, from time to time and where appropriate, post on behalf of the Association using the online social media profiles. Such a responsibility may be delegated to Committee members at the discretion of the Executive, in consultation with the Secretary as the chair of the Social Media Subcommittee.
206. The Secretary has ultimate responsibility for:
  - 206.1. Ensuring that all posts are in keeping with the Association's core Social Media Policy;
  - 206.2. Ensuring appropriate and timely action is taken to correct or remove inappropriate posts (including defamatory and/or illegal content) and in minimising the risk of a repeat incident;
  - 206.3. Ensuring that appropriate and timely action is taken in repairing relations with any persons or organisations offended by an inappropriate post; and
  - 206.4. Moderating and monitoring public response to social media, such as blog comments and Facebook replies, to ensure that trolling and spamming does not occur, to remove offensive or inappropriate replies, or caution offensive posters, and to reply to any further requests for information generated by the post topic.
207. It is important to maintain the balance between encouraging discussion and information sharing, and maintaining a professional and appropriate online presence.

## Delegation

208. Social media is often a 24/7 occupation. As such, responsibilities as outlined above may be delegated by the Secretary to the Social Media Subcommittee and other members of the Executive.

## Processes

### Posting to social media

209. Before social media posts are made, Committee members should ask themselves the following questions:

- 209.1. Is the information being posted, or reposted, likely to be of interest to the Association's members and stakeholders?
- 209.2. Is the information in keeping with the interests of the Association and its constituted objects?
- 209.3. Could the post be construed as an attack on another individual, organisation or project?
- 209.4. Would the Association's sponsors be happy to read the post?
- 209.5. If there is a link attached to the post, does the link work, and has the Committee member read the information it links to and judged it to be an appropriate source?
- 209.6. If reposting information, is the original poster an individual or organisation that the Association would be happy to associate itself with?
- 209.7. Are the tone and the content of the post in keeping with other posts made by Association?
- 209.8. Does it maintain the Association's overall tone?

210. If a Committee member is at all uncertain about whether the post is suitable, it must not be posted until it has been discussed with the Secretary and, if necessary, with the Executive.

### Damage limitation

211. In the event of a damaging or misleading post being made, the Secretary should be notified as soon as possible, and the following actions should occur:

- 211.1. The offending post should be removed;
- 211.2. Where necessary an apology should be issued, either publicly or to the individual or organisation involved; and
- 211.3. The origin of the offending post should be explored and steps taken to prevent a similar incident occurring in the future.
- 211.4. If the mistake seems set to grow, or to cause significant damage to the Association's reputation, revert to the Media Relations Policy.

### Moderating social media

212. The reputation of the Association is first and foremost, and this involves maintaining a safe and friendly environment for its members.

213. From time to time social media forums may be hijacked by trolls or spammers, or attract people who attack other posters or the Association aggressively. In order to maintain a pleasant environment for everybody, these posts need to be moderated.

214. Freedom of speech, discussion and debate is to be encouraged, but posts will be moderated if they contain one or more of the following:

- 214.1. Excessive or inappropriate use of swearing;
- 214.2. Defamatory, slanderous or aggressive attacks on the Association, other members, other students, other student organisations, projects, Law School staff, other University staff or public figures;
- 214.3. Undermining confidence in the Committee by questioning the integrity of Association or individual members of the Committee;
- 214.4. Breach of copyrighted material not within reasonable use, in the public domain, or available under Creative Commons license;
- 214.5. Breach of data protection or privacy laws;
- 214.6. Repetitive advertisements; and

- 214.7. Topics which fall outside the realms of interest to members and university students, and which do not appear to be within the context of a legitimate discussion or enquiry. Politically oriented posts that are framed to encourage discussion and debate are acceptable but should not be obviously partisan or designed to attack, belittle or discourage engagement by other members.
- 215. If a post appears only once:
  - 215.1. Remove the post as soon as possible; and
  - 215.2. If possible/appropriate, contact the poster privately to explain why you have removed the post, highlighting the Association's Social Media Policy.
- 216. If a poster continues to post inappropriate content, or if the post can be considered spam:
  - 216.1. Remove the post as soon as possible; and
  - 216.2. Ban or block the poster to prevent them from posting again.
- 217. Banning and blocking should be used as a last resort only, and only when it is clear that the poster intends to continue to contribute inappropriate content. However, if that is the case, action must be taken swiftly to maintain the welfare of other social media users.
- 218. The decision to block, ban and remove posts ultimately lies with the Executive, but may, at their discretion, be delegated to the Social Media Subcommittee.

227. Where information or public comment is requested or required, the President shall determine the most appropriate person to respond.
228. Media engagements concerning any significant matter in the name of or on behalf of the Association should only be made by the President or their delegated representatives, where:
  - 228.1. If necessary, they have consulted with the appropriate member of the University's Media and Marketing team; and
  - 228.2. They have the necessary knowledge and expertise to speak on the issue under discussion; or
  - 228.3. If these criteria cannot be met, media engagements should be avoided, to reduce risks to the Association.
229. Any Committee member who engages with the media must observe the Association's Confidentiality and Privacy Policies.

230. Any communications with the media should clearly indicate whether views put forward in statements are those of the Association or of an individual.
231. Personal opinion should be avoided in significant statements made on behalf of the Association.
232. At all times, consideration should be given as to how the correspondence may affect the reputation of the Association.
233. All media releases from the Association must be authorised by the President and must be made available on the Association's website.

## XIII. Copyright Policy

### Introduction

234. The Association is responsible for managing its assets, including its intellectual assets, in a way that maximises their contribution to the goals of the Association.
235. Subject to these responsibilities, the Association is committed to the widest possible dissemination of its ideas and findings where these may assist others.

### Purpose

236. The purpose of this policy is to clarify the status of material subject to copyright used by the Association, and to remove any possible misunderstandings about ownership of copyright.

### Core Policy

237. The Association produces a range of publications for the purposes of meeting its objects and delivering its membership activities effectively.
238. The Association's copyright obligations, of material either produced or used by the Association, are governed by the Copyright Act 1968 (Cth) ("the Act").

### Responsibilities

239. The Association's Executive is responsible for developing, adopting and administering this policy.
240. The VP Publications is responsible for managing this policy. Responsibilities include:
  - 240.1. Implementation;
  - 240.2. Review, as and when the need arises; and
  - 240.3. Oversight and observance of the Policy by the Committee and membership.
241. All materials produced by or on behalf of the Association will be classified by the VP Publications into one of the following classes:

- 241.1. Those materials that are copyright and that cannot be reproduced by any process other than for the purposes of and subject to the provisions of the Act and any licensing agreement between the user and the Association;
- 241.2. Those materials that are copyright and that may nonetheless be circulated and/or reproduced as long as any reproduction features specified credits and disclaimers;
- 241.3. Those materials that are copyright and that may nonetheless be reproduced without conditions; and
- 241.4. Those materials that are not copyright.

## Processes

### Production of copyright material

- 242. At law, material created by members of the Association in the course of their involvement in a formal capacity with the Association, irrespective of whether it is created using the Association's facilities or materials will belong to the Association.
  - 242.1. A formal capacity is one to which the member has been elected. Documents prepared in the course of competitions, events, or other activities not created by elected members will not be subject to this policy.
  - 242.2. If any material was created using the Association's resources, then the onus is on the member to demonstrate that it was not created in the course of their involvement.
- 243. Works by independent contractors and volunteers shall be owned in accordance with the written contract under which the work was created. The Association shall ensure that there is a written contract for work by an independent contractor or volunteer specifying ownership. At law, unless a written contract specifies otherwise, independent contractors and volunteers will own copyright in everything that they create.
- 244. Any dispute between the Association and its members, contractors or volunteers, or between members, or between contractors, or between volunteers, on issues of copyright ownership shall be determined by the Association's conflict resolution procedures. Such determination will be subject to the judgement of any court or tribunal.

### Copyright notice

- 245. Elected members, contractors and volunteers of the Association should ensure that every publication of the Association, including any books, newsletters, brochures, forms, reports and computer software contains the following statement:

© University of the Sunshine Coast Law Students' Association, Australia, [Year of creation of material]

- 245.1. This statement should not be included in normal business letters, invoices, or receipts.

### Use of copyright material

- 246. Members and volunteers of the Association are required to observe all applicable copyright laws and regulations.
- 247. Members and volunteers of the Association may use copyright material belonging to or licensed to the Association only for the purposes of their work for the Association. Where the material is used by the Association under licence, members and volunteers must act in accordance with that licence.
- 248. Members and volunteers of the Association may not reproduce, publish, distribute or adapt third party copyright material in the course of their work for the Association without the authorisation of the copyright owner. Members and volunteers may not download or reproduce text, photographs or illustrations found on the internet without authorisation of the copyright owner. This includes for use in internal or external newsletters, reports or presentations. All non-generic images and illustration should be sourced from and with the consent of the creator. Generic images may be obtained from a stock image supplier (e.g. Shutterstock or iStockphoto).
- 249. When reproducing or otherwise using third party copyright material, it cannot be assumed that just because something is on the internet that it is free for everybody to copy and use. This includes

images on Facebook or photo sharing websites such as Flickr. Acknowledgement of source of the material does not overcome the need for authorisation; actual authorisation is still required.

250. The VP Publications is required to institute procedures that will ensure:
- 250.1. That all uses of third party copyright materials are recorded; and
  - 250.2. That all compensable uses of copyright material are appropriately processed.

### Copyright on the Association's materials

251. All materials produced by or on behalf of the Association are subject to copyright. Permission to reproduce such materials depends on the category into which they fall.

252. The copyright policies of the Association are binding on all members, contractors and volunteers.

### Moral rights

253. Where it is reasonable to do so, members and volunteers of the Association ensure that:

- 253.1. When reproducing any written material, photograph or illustration, the creator should be acknowledged where it is appropriate to do so. It is generally appropriate to acknowledge the author of a report or article in a newsletter, but it is not appropriate to acknowledge the creator of a marketing brochure or promotional flyer, or where it is desirable for operational reasons that correspondence be sent out in the name of somebody else (such as in the name of an Executive or Committee member).
- 253.2. When reproducing any written material, photograph or illustration, a person should not be falsely attributed as the creator unless it is reasonable to do so. For example, some correspondence may need to go out in the name of an Executive or Committee member even though it was written by somebody else. In most cases the attribution for a publication should be to the Association generally rather than any individual member.
